Andrew Gould hits fine form with his first International win. Popular win in France

The partnership between Natasha Mitchell's grey gelding Mitchell's Santorini Hit and Andrew Gould has gone from strength to strength this season with the pair recording their first International win at the Compiègne CDI 3*** held in France. A score of 70.62% secured them victory in the Intermediare I Kur after coming in fifth place in Prix St George on the first day.

Andrew will now put himself forward for selection for the two home International competitions in July. Andrew explained: "This horse is getting better and better with every show, he has so much quality. I am hoping to compete him at Hartpury CDI 3* and Hickstead CDI 3* as he is on fire at the moment!"
